READING (10 POINTS)

1 Read the text. Then tick (✓) the sentences T (true), F (false) or DS (doesn't say). (5 points)

Imagine this: Mr Everingham is watering the plants in the garden and his son is kicking a football under the trees. Mrs Everingham is cooking dinner in the kitchen. She can see the family outside. But when she goes to bed at night, she sees a different part of the garden from the kitchen window, and when she gets up in the morning, the vista is different again!

The Everingham family lives in a house in New South Wales in Australia. Their home has got three bedrooms, a bathroom, a kitchen and a big living room. So what makes their house different from other houses? It's circular and it rotates!

There is a special computer to control the movement of the house. On a cold day the house moves, so the light from the sun comes in the windows. When it's very hot in the summer, the house rotates away from the sun. A day in the Everingham house is never boring.

- 1. Mr. and Mrs. Everingham's son plays with a football.
- 2. The Everinghams' house is different from other houses because the living room is big.
- 3. The Everinghams' house is the only rotating house in Australia.
- 4. It can be very hot in the summer in Australia.
- 5. The house always stops in the same place.
