

USING VOCAROO TO MAKE AN AUDIO RECORDING

Vocaroo is a very simple tool to record your voice on the Internet. Let's make an audio recording and then post the link on the forum.

Vocaroo és una eina senzilla per gravar la teva veu en internet. Fem una gravació d'audio i publiquem un enllaç en un fòrum.

Go to www.vocaroo.com and you will see a very simple screen:

Vés a www.vocaroo.com i veuràs una superfície molt senzilla:

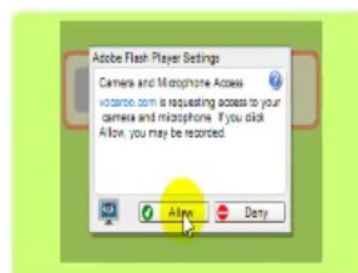

How to record – Com gravar

Click on the **red button “Click to Record”**

Clica el **botó vermell “Click to Record”**

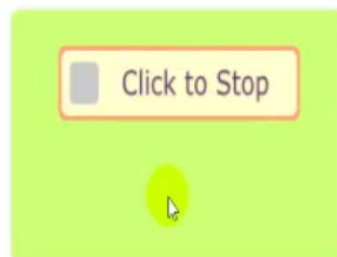

As soon as you click on that button, the programme will ask you to connect the Flashplayer to your browser and that will **allow the microphone** to work.

Quan cliquis el botó, el programa et demanarà connectar el Flashplayer amb el teu navegador i això **permetrà que funcioni el teu micròfon**.

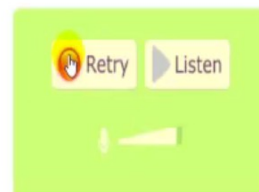

Start recording. Comença a gravar.

Stop recording by clicking on “click to stop”
Para de gravar clicant a “Click to stop”

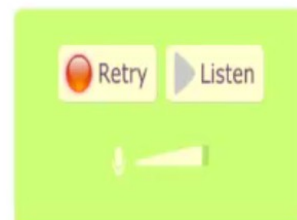

Listen to your recording to test it and click on
Retry if you want to repeat the recording.

Escolta la teva gravació per comprovar-la i clica
Retry (Repeteix) si vols repetir la gravació.

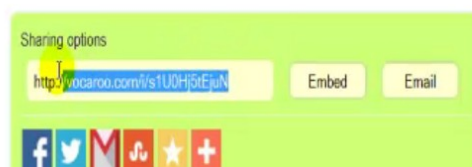

How to save, copy and paste the link
Com desar, copiar i enganxar l'enllaç

Click on “click here to save”
Clica “click here to save”
